PRESIDENT MARTIN .-- These attacks ave already been made on previous ocasions, and once, I think, through the same paper. They are natural to any people who do not understand, and thereon of affairs. They cannot be made to aderstand how a railroad can be built and operated without money, and are natmally in arms whenever they think their ights in danger. I do not blame them for them right in the premises.

REPORTER. - Suppose then, Mr. Martin, you give me a full and detailed statement of the precise condition of affairs at this ime, so that it may be published, not only as a reply to the communication in the Banner, but for the general information of he people all along the line of the road. PRESIDENT MARTIN.-Very well, sir, I wil do so.

The owners of the bonds of the Wilmington, Charlotte and Rutherford Raiload company, (as provided for in the mortgage executed to secure them) have ommenced suit, in the Superior court of lew Hanover county, for foreclosure. Recievers have been appointed and the afairs of the road are managed by them, uder direction of the court.

The county of Cleveland, as well as several other counties along the line of the froad, are stockholders. The city of Vilmington is a stockholder to the extent I'pon the pledge of the faith of the com-

pany, assented to by the Stockholders, a mortgage was executed to secure bonds, to be issued, which it was hoped and expected would complete the road. They failed to do the work. The bondholders waited with patience and made propositions to aid the Stockholders, in any scheme they might devise. The latter did nothing. As in duty bound, as faithfully pledged, the stockholders could not offer factions opposition, after they had decided that they could not accomplish the work At the called meeting of the Stockholders, held May 3rd, 1872, in speaking for he Directors, I said that "foreclesure was nevitable unless they (the Stockholders) e uld devise some means to prevent it." An attempt was made to raise the necessary means, without success. I cannot s.e.

any iniquity in honestly paying a debt which is honestly due. The decree of foreclosure will doubtless order ample notice of sales to be given. Any one who desires and has the money, an buy the Wilmington, Charlotte & Rutherford Railroad company, subject only to the first mortgage. There can be no ring, as insinuated; it will be simply honest creditors seeking to get their moneymoney advanced upon the plighted faith of the Stockholders, Cleveland, Union, Auson, Richmond, Mecklenburg and other counties

Whereas, It is every way desirable that the control of this road shall be kept in the hands of the Stockholders, and that every bonorable effort shall be made to accomplish that purpose; and, Whereas, It appears from the report of the President and Directors that \$300,000 will be required to pay the amount due for advances on first mortgage bonds, pledged as collaterals, and to pay the interest on January coupons, and an additional amount of \$80,000 will be due on the 1st of July next o pay interest falling due then,

Resolved, That a Committee to consist of three from each county along the line of the road shall be appointed by the chairman of this meeting, whose duty it shall be to open subscription lists for the purpose of rai-ing means to pay off the ebt and extend the road, for which they shall receive second merigage bonds at 50
